TSRA Emergency Operations Plan for Schools on and near the Ocoee and Hiwassee Rivers

Minor injuries may be treated on site using gear carried by Instructors. Each class will have one First Aid Kit with them on the river.

The Ocoee and Hiwassee River areas present difficulties for cell phone users. In the event of a serious emergency it is considered wise to dispatch multiple persons or vehicles to summon help. The roads near both rivers are well traveled by the public and patrolled by various law enforcement personnel. If on foot, flagging down passing vehicles may be the best choice. Do not depend on only one person to contact emergency assistance. If near an occupied dwelling ask to use their phone or ask them to call 911 giving a brief description of the potential injury, evacuation situation and the precise location of the victim.

Evacuation by private vehicle may be appropriate if no other method is available. Contact by telephone with emergency service personnel should still be made as soon as possible.

It is important to communicate with School officials about any injury or emergency that occurs. Verbal reporting to the School organizer is the first step. Telephone numbers are provided below. Official TSRA accident forms are available on our website. School organizers may also need to report incidents to the ACA.

**TSRA President, Woody Woodall, must be notified
of any accidents that occur during any TSRA Schools.**

Woody Woodall - 615-210-9364 or jamestwoodall@gmail.com

Canoe & Kayak School – Sally Barr 931-215-3801/Gary Weatherford 615-975-5060 or candk@paddletsra.org
